GENERAL AUDITOR'S REPORT TO COMPTROLLER

Hon. J. M. Lee, Comptroller,
The Capitol,
Tallahassee, Florida.
Dear Colonel Lee:

I submit to you herewith the report of the financial transactions of the State of Florida as shown by the records of the Comptroller's office for the fiscal year ended June 30, 1935, and also for comparative purposes, the corresponding items for the fiscal year ended June 30, 1934.

The comparative items of General Government as reflected in Exhibit A show an increase of \$218,963.47 or 11.07 per cent. This increase is accounted for in the added cost of collecting the Motor Vehicle Licenses, the Racing Commission Funds and the Beverage Tax. All of these departments show an increase in revenue. While the cost of collecting these taxes is included in the total cost of General Government, the net revenues are distributed entirely to schools and to counties.

The increase in Debt Service (Exhibit A) of \$39,234.38 or 344.16 per cent represents a repayment to the Internal Improvement Fund of monies borrowed in 1925. This loan is being repaid as conditions permit and the increase during the period ended June 30, 1935, is only that a larger repayment was made during that period than during the previous fiscal year.

The Abstract of Accounts will show an increase of available balances in all funds from \$2,274,102.05 at July 1, 1934 to \$3,042,853.63, at June 30, 1935, a total increase of \$768,751.58. During this year, in addition to paying all current expenses, there was disbursed for extraordinary items that cannot be compared with the prior years disbursements, the following items:

Legislative Expense, 1933 Session	\$ 221,270.86
Legislative Expenses, 1935 Session	274,718.50
Paid to various banks on account of monies advanced the creditors of the State of Florida in 1929	369,963.69
Interest on money advanced by Banks in 1929 and repaid in subsequent years	59,029.69
Census of 1935	120,274.38
State Fire Insurance Premiums	235,932.23
State Fire Insurance Fund (Investment)	150,845.77

\$1,432,035.12

If effect were given to the increase in available cash of \$768,751.58 and also to the extraordinary items disbursed amounting to \$1,432,035.12, the increase in surplus of the state for the year would amount to \$2,200,786.70.

If the amount of extraordinary items were deducted from the total state operating disbursements of \$36,332,333.71 the result would be \$34,900,298.59 for the fiscal year ended June 30, 1935, as compared with \$34,621,870.96 for the fiscal year ended June 30, 1934.

I certify that Exhibits A, B, and C, and Schedules 1 to 16 both inclusive of this report, correctly present the financial transactions of the State of Florida as reflected by the records of the Comptroller's office for the periods as indicated.

Respectfully submitted,
C. F. GREENE,
General Auditor.
